

pronunciator: on a Computer

Step 1: Go to www.minotlibrary.org, click on “Digital Resources,” and look for Pronunciator under either *Learn a Language* or the letter P.

Step 2: Either register or sign in. If you are registering, type in your card number and click “Register” and create a profile with an email/username and password.

Step 3: Once signed in, select the language you speak and select the language you want to learn.

Step 4: After selecting from the options above, you will be presented with a variety of lessons, all of different skill levels (not all languages have the same number of lessons).
