

How to Borrow e-Books and e-Audio Titles on IOS Devices Using Libby

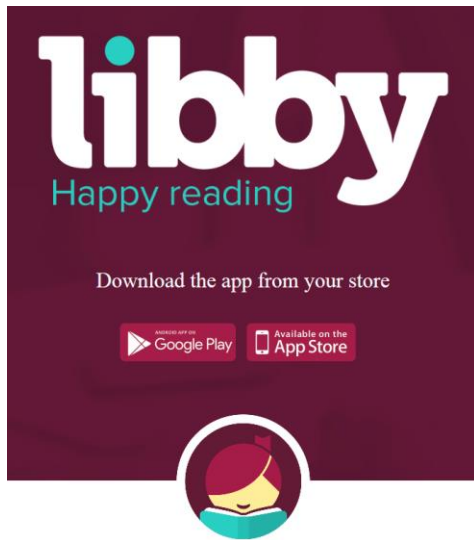

What You Need:

1. An IOS device with IOS 9.0 or greater.
2. An internet connection
3. The Libby app.

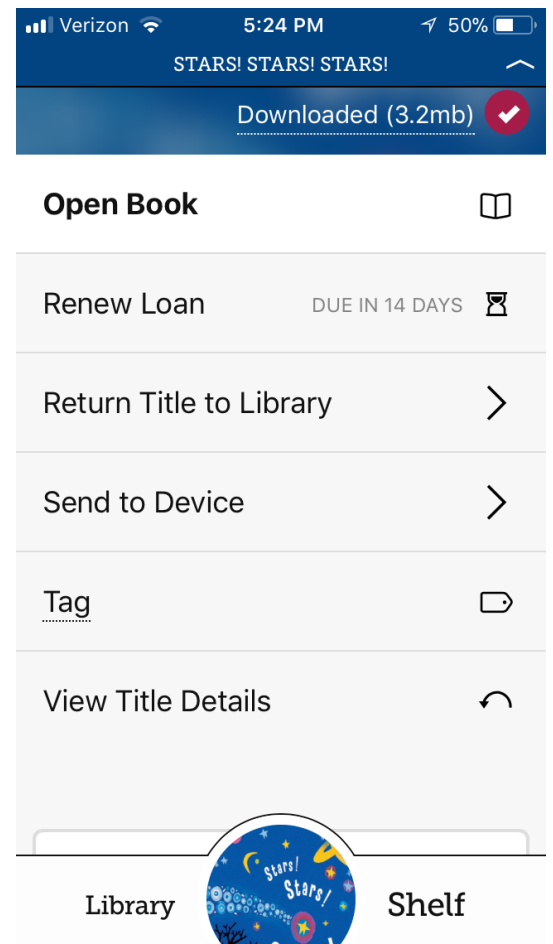

How to Borrow Titles

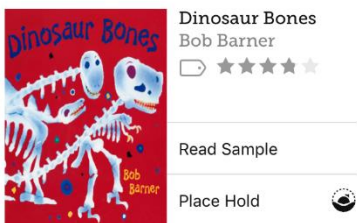

1. Open the Libby app and enter “Minot Public Library” in the box.
2. Enter your library card number.

3. The app opens to the North Dakota Library Consortium. Here you may browse through titles on the main page, click on “Subjects” to browse available titles, or click on the search box at the top of the page and search for an author, title, or keyword.

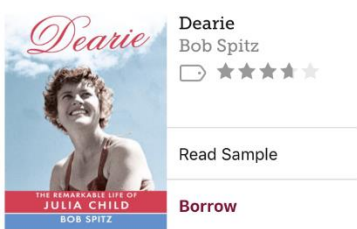

4. Select a title you would like to read or listen to. Make sure you notice which titles are currently checked out by noticing if the button reads **“Borrow”** or **“Place Hold”**. Click on **“Borrow”** next to the title you wish to borrow.

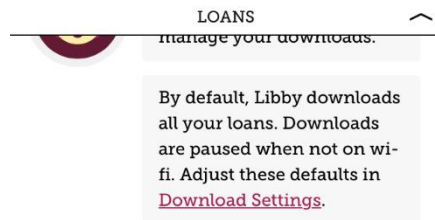

5. Click **“Borrow”** once more. The title is now being downloaded to your device.

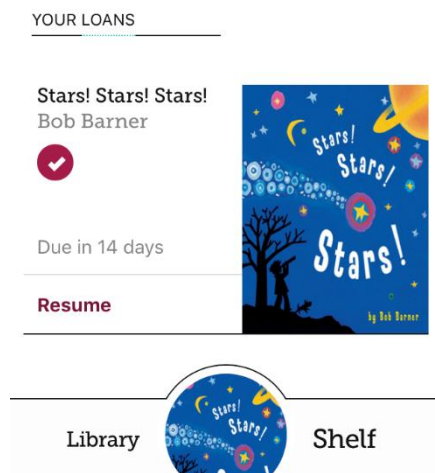

6. It will appear on your **“Library Shelf”** which is located on the bottom of your screen.

7. To read your title click on **“Library Shelf”** and select the title that you wish to read.

8. To renew or return your book click on **“Library Shelf”** at the bottom of the screen. To renew the title, Click **“Renew Loan”**. You can also return the title early by clicking **“Return Title to Library”**, and then clicking **“Return”**. If you do not return the title by the end of your loan period it will be taken back automatically.

Note: You may loan up to 5 titles and hold 8 additional titles at once.
