CLUBS AND ORGANIZATIONS DIRECTORY

Compiled and edited by:

Valerie Huseth, Instruction & Outreach Associate

Since the compilation of this directory took place some organizations, agencies and programs have ceased to exist and others have started. It is impossible to keep this directory totally up to date, however, every possible effort was made to contact the people or agencies who might have information they would wish to have included.

If your organization or program was inadvertently omitted, please notify us and we will make every effort to assure that the next issue of the directory will be inclusive.

Please make note that information regarding clubs and organizations in Minot is available on the library's webpage (www.minotlibrary.org) and is listed under "Clubs/Organizations". Search by name or keyword.

If you need information on local clubs and organizations, we have it. If you have a problem or concern and you are not sure where to turn, we will refer you to the agency, department or persons who can help.
